# Beauty & the bush

When it comes to beauty products, the girls on *Drovers Run* are down to earth and all-Australian

## Tess

"Everything is big, loud and full-on with vivacious Tess," says Suzie Warhurst, make-up artist on the Nine Network's *McLeod's Daughters*. Being the fiery sister from the city, Tess Silverman McLeod (Bridie Carter) puts a little more work into her look and is keen to get her sis Claire to realise there's more to life than working on the property – like remembering that she's a woman!

Suzie gives Tess an understated look using earthy, natural colours and loves a smokey eye. And Bridie swears by Elizabeth Arden's Eight Hour Cream and is constantly rubbing it on her lips. She also loves Perth-based make-up artist Becca's Turkish Rose Creme blush on the apples of her cheeks.

And, if you've noticed how great Tess's hair looks, it's because Bridie is pedantic about keeping her hair in tiptop condition and uses Goldwell shampoo and conditioner.

Elizabeth Arden Eight Hour Cream, \$31

Goldwell Colored or Permed Hair Shampoo and Conditioner, \$15.95 each

Becca Turkish Rose Creme blush, \$37

## Claire

Strong-willed leader Claire McLeod (Lisa Chappell) is a no-fuss girl when it comes to make-up. Often Lisa has a natural outdoorsy glow thanks to shooting *McLeod's Daughters* in the South Australian countryside, but for those scenes where Claire needs to glam up, Suzie brushes Stila Color Push-Ups on Lisa's cheeks and lips and finishes off with Guerlain Terracotta Moisturizing Bronzing Powder.

Claire's skin always looks great, and it's not due to any heavy on-set make-up. Lisa regularly visits Adelaide salon Janesce for facials and body massages where only organic skin treatments are used. "Our products have really helped her with her skin," says founder Janice.

Guerlain Terracotta Moisturizing Bronzing Powder, \$74

Stila Color Push-Ups, \$54

## Jodi

The ambitious and exuberant 17-year-old Jodi Fountain (Rachael Carpani) doesn't go for the outdoorsy look.

"She's young and spunky and a bit out there – she thinks she's a bit of a modern city girl," says Suzie.

"I prep her skin with Clarins Beauty Flash Balm and finish the look with as much lippgloss as possible!"

Rachael's favourites are the lovely light sheer pinks of Vincent Longo Afresco-Matic Gloss in Baci XXX or in Amalfi Dream.

"Because of the harsh elements – the sun, wind and dust – the whole cast and crew put on sunblock every morning and lunchtime," says Suzie. "On the set we use Kiehl's Sunscreen Lotion because it's water-based, doesn't leave a sticky residue and allows make-up to go on really well."

Vincent Longo Afresco-Matic in Amalfi Dream, \$70

Clarins Beauty Flash Balm, \$54

Kiehl's Sunscreen Lotion, \$70
